

THE FLAME

Spreading the Truth like Wildfire!

Thank you for Subscribing! Welcome to The Flame Family!

America has a big problem! We are at war and most people don't even know it. It is a war for our minds, bodies, and souls. The government and mainstream media have a grip on humanity and are censoring critical thinking and common sense. Now is a moment in history where YOU can decide to stand for freedom in an impactful way. THE FLAME is bringing truth and transparency with common sense articles and solutions to real-world problems right to people's homes.
